From the Premier

Sport is not a luxury. It should be part of every child's day and is a vital part of a well-rounded and long, healthy life.

KidSport is important because active children are more likely to mature into physically-active adults. Sport and recreation is fun, but just as importantly, participation gives your child a better chance of doing well at school, improves coordination and balance, helps them sleep better, improves social and life skills and creates a greater sense of well-being.

Sport builds stronger, healthier, happier and safer communities. When kids play sport, the whole community wins. I encourage you to sign-up for KidSport and tell your friends.
