10.1.3 SUBJECT	CRANBROOK GOLF CLUB – CSRFF APPLICATION
RESPONSIBLE OFFICER:	Trish Standish Manager of Finance and Administration
REPORT AUTHOR:	Toni Melia Emergency Services and Recreation Officer
FILE REFERENCE:	CS108 & A1026
APPLICANT:	Cranbrook Golf Club
DATE OF REPORT:	8 March 2016
ATTACHMENTS:	Nil

Purpose

The purpose of this report is for the Council to consider:

- Setting the priority ratings of funding applications to be submitted to the Community Sporting and Recreation Facilities Fund (CSRFF) Small Grants Round; and
- Financially supporting the application

Background

The WA Department of Sport and Recreation (DSR) provides funding to local government authorities and sporting organisations for the provision of sporting facilities for projects ranging from \$7,500 - \$200,000 through the small grants rounds that are held twice a year.

The process for funding under this programme is for applications to be submitted to the relevant Council for prioritising at a local level before being ranked by the Great Southern Department of Sport and Recreation Regional Manager, it is then progressed to the DSR Small Grants Committee, their recommendations are then made to the Minister for Sport and Recreation for consideration and approval.

Officers Comment

One application for this round of funding has been received from the Cranbrook Golf Club. The Cranbrook Golf Club is situated on Ronaldshaw Road Cranbrook and was constructed in 1931. The clubhouse facilities include toilets /shower, a common room, kitchen, office and servery, as well as an outdoor play area and shed. The club is located approximately 5kms out of town, is isolated and not easily viewed from the road.

Over recent years the golf club has been broken into twice causing permanent damage to window frames and the structure around the front door. Several of the windows have also started leaking as a result of the damage. The ageing windows and front door to the building are no longer secure or sealed from water and wind.

The club is seeking assistance to replace eight windows and the front door with new, structurally secure ones with safety glass panes where appropriate.

The club members have been very proactive in the past in the maintenance and improvement of the facilities by undertaking the following work:

- Extension of the verandah, roof and paved area to create a larger clubroom space
- Extension of the shed to park the course tractor and mower
- Replaced the ceiling in the kitchen that was beginning to collapse
- Replaced the bar with a handmade timber top
- Replaced flags and cups on all greens, along with reseeding the course, and repairing the tee boxes.

Two quotes have been received by the club for the window and front door replacement project, ranging in price from \$8,010.90 to \$8,363.64 excl GST. The club has decided to go with the slightly more expensive quote as the contractor has carried out private work for members of the club previously to a very high standard.

Applicant	Purpose of Funding	CSRFF Funding	Applicant Contribution	Shire Contribution
Cranbrook Golf Club	To improve the security and longevity of the facility by replacing eight windows and the front door of the clubhouse.	\$2,787.88	\$2,787.88	\$2,787.88

Once the Council have considered this request and if the Officer's Recommendation is adopted, the grant application will be sent to DSR. Notification of the outcome should be received from DSR by mid June 2016.

Statutory Environment

There is no specific legislation applicable to this report.

Policy Applicable – Implications

There is no council policy applicable to this report.

Financial Implications

The total cost of this item will be a maximum of \$8,363.64 GST exclusive with a requested Council contribution to a maximum of \$2,787.88 GST exclusive. This expenditure is anticipated to occur after June 2016 when the successful grants are announced by the Minister for Sport and Recreation. It is therefore recommended that this project be referred to the 2016/2017 Draft Budget to be funded from the Rates Discount Reserve.

Risk Implications

The risks associated with matters in this report are:

- Errors, Omissions and Delays
- Failure to fulfil statutory, regulatory or compliance requirements
- Inadequate supplier / contract management

The impact of the risk is Financial, Compliance and Reputational.

The consequences of these risks are considered to be Moderate.

REPORT AUTHOR:	Trish Standish Manager of Finance and Administration
FILE REFERENCE:	GO17
APPLICANT:	N/A
DATE OF REPORT:	2 March 2016
ATTACHMENTS:	Draft Amended Policy 4.8 - Purchasing

Purpose

The purpose of this report is to consider an amendment to Policy 4.8 - Purchasing.

Background

The Shire's Auditor has recommended that best practice be adopted requiring two signatories on cheques and electronic funds transfers.

Officers Comment

It is believed that the best way to incorporate the recommendation is to amend the Council's Purchasing Policy 4.8 to require two signatories on all payments. This amendment has been included in the section of the Purchasing Policy relating to the payment of Creditors.

Having this condition written into a policy ensures that when staff change and when new bank accounts are opened, this requirement does not alter.

Statutory Environment

Section 2.7(2b) of the Local Government Act 1995, states that:

The Council is to determine the Local Government's policies.

Policy Applicable – Implications

This report proposes an amendment to Policy 4.8 - Purchasing.

Financial Implications

There are no financial implications from this report.

Risk Implications

The potential risks associated with matters in this report are varied and include:

Hence the **risk rating** for this item is Moderate

Risk mitigation includes adding a second signatory to all Shire financial transactions.

10.3.1 SUBJECT

ROADS TO RECOVERY (BOYUP BROOK / CRANBROOK ROAD) – BUDGET AMENDMENT

RESPONSIBLE OFFICER: Jeff Alderton
Manager of Works

REPORT AUTHOR: Jeff Alderton
Manager of Works

FILE REFERENCE: RO047

APPLICANT: N/A

DATE OF REPORT: 3 March 2016

ATTACHMENTS: Nil

Purpose

The purpose of this report is for Council to consider amending the 2015/2016 adopted budget to include an additional Roads to Recovery project in the road construction program.

Background

During informal Council discussions, the Manager of Works advised the Council that the 2015/2016 road construction program may be completed earlier than expected as a result of increased output by staff and contractors.

Officers Comment

The Manager of Works indicated that the gravel re-sheeting of Parsons Road was brought forward due to the safety concerns about the condition of this road as a result of concurrent harvest and timber traffic. The outcome of this decision means that all of the Shire's road construction projects may be completed prior to June 2016.

To continue the road construction program until 30 June 2016, the Manager of Works applied to Roads to Recovery for approval to commence the Boyup Brook / Cranbrook Road (SLK 33.16 to 44.97) gravel re-sheeting project during this financial year. The project has been costed at \$485,000 and the application has been approved by Roads to Recovery.

Statutory Environment

There is no specific legislation applicable to this report.

Policy Applicable – Implications

Council Policy 5, Road Management is applicable to this report.

Financial Implications

To include the gravel re-sheeting of Boyup Brook / Cranbrook Road in the 2015/2016 financial year, the budget will require an amendment. As Roads to Recovery projects are fully funded this will have a nil effect on the budget.

Risk Implications

The risks associated with matters in this report are:

- Providing inaccurate advice/information
- Inadequate document management processes
- Inadequate asset sustainability practices
- Inadequate project/change management

The impact of the risk is Reputational and Financial.

The consequences of these risks are considered to be Major.

The likelihood is Possible.

Hence the **risk rating** for this item is High.

The risks in this item have been mitigated by the proposal to include this additional Roads to Recovery project in the 2015/2016 road construction program.

Strategic Community Plan Reference

The 2013-2023 Shire of Cranbrook, Strategic Community Plan states that:

Aspiration 4.0: By 2023 the Shire of Cranbrook will have Envable Quality Infrastructure, Roads and Facilities

Objective: 4.2 Deliver Safe and Appropriate Roads and Roads Infrastructure

10.3.2 SUBJECT

**CRANBROOK & FRANKLAND RIVER TOWN SITE
COMMUNITY RECYCLING BIN STATIONS**

RESPONSIBLE OFFICER:	Jeff Alderton Manager of Works
REPORT AUTHOR:	Jeff Alderton Manager of Works
FILE REFERENCE:	WM1 & WM3
APPLICANT:	N/A
DATE OF REPORT:	3 March 2016
ATTACHMENTS:	Photos

Purpose

The purpose of this report is for Council to consider the removal of the community recycling bin stations from Cranbrook and Frankland River townsites.

Background

At the 19 September 2007 meeting of Council it was resolved:

“That:

- 1. The proposal from Warren Blackwood Waste for kerbside recycling be implemented by the Council from 1 July, 2008. Bins to be purchased by the Council, totalling \$14,300 funded from its waste reserve account;**
- 2. A three year contract be entered into with Warren Blackwood waste for the provision of recycling services;**
- 3. The service is only provided so all recyclables are taken outside the Shire as outlined in the proposal from Warren Blackwood Waste.**
- 4. Community recycling bins be placed in a strategic central location in each townsite for use by residents who do not receive the weekly rubbish collection service;**
- 5. No burning of green waste is to occur at the Councils refuse site and that all green waste be chipped into mulch;**
- 6. A community education campaign be undertaken to assist with the implementation of the recycling service.”**

When the Shire commenced the recycling services, there were a number of ratepayers who were unable to dispose of their recyclables through the Shire’s normal kerbside collection process. There were also no recycling facilities available at either waste facility. As a result, the community recycling stations were established in both Cranbrook and Frankland River townsites.

Officers Comment

The cost of maintaining the community recycling stations by Warren Blackwood Waste is \$3.21 per bin per fortnight. Additionally the Shire also has a regular cost to maintain this area due to over filling of the bins by ratepayers and people from outside of the Shire. The over filling of the bins is a regular occurrence. (See attached photos) There is also an ongoing cost for the replacement of these bins and the concern that the bins are no longer being used exclusively for recyclable materials and evidence of late suggests that general household waste is being deposited in these facilities.

When the waste transfer stations were licenced in 2014, recycling stations were installed at Cranbrook and Frankland River for the benefit of the community. Having this service at the waste facilities is seen as a much better option rather than the unsightly appearance of the current recycling stations and the cost involved to dispose of the contents on a fortnightly basis.

Statutory Environment

There is no specific legislation applicable to this report

Policy Applicable – Implications

There is no Council policy applicable to this report.

Financial Implications

It is estimated that there will be a cost saving to the Shire of approximately \$2,100 per annum.

Risk Implications

The risks associated with matters in this report are:

- Inadequate Environmental Management
- Business and Community Disruption
- Ineffective management of facilities

The impact of the risk is Health, Financial and Environment

The consequences of these risks are considered to be Minor

The likelihood is Unlikely

Hence the **risk rating** for this item is Low

Risk mitigation includes removal of the community recycling stations.

Strategic Community Plan Reference

The 2013-2023 Shire of Cranbrook, Strategic Community Plan states that:

Aspiration 3.0: By 2023 the Shire of Cranbrook will Maintain, Protect, Enhance and Promote its environment

Objective: 3.3 Lead Energy and Water Efficiency and Best Practice Waste Management

Strategy: 3.3.1 Develop best practice waste management

Consultation

Consultation for this report included the Senior Management Team, Warren Blackwood Waste and the Shire's Parks & Gardens Team.

VROC Implications

There are no strategic VROC implications from this report

Voting Requirements

That Council:

- 1. Consult with the ratepayers of the Shire of Cranbrook about the removal of the Cranbrook and Frankland River townsites community recycling stations;**
- 2. Remind the ratepayers of the Shire of Cranbrook that all recycling is located at the Cranbrook and Frankland River Waste Facilities and is available during the Waste Facilities normal opening times; and**
- 3. Remove the Cranbrook and Frankland River townsites community recycling stations from 1 May 2016.**
