**Statutory Environment**

The Local Government (Financial Management) Regulations 1996 define the requirements for monthly financial reporting (Regulation 34).

<b>APPLICANT:</b>	N/A
<b>DATE OF REPORT:</b>	12 July 2023

**Purpose**

The purpose of this report is for Council to consider writing off a sundry debt that is no longer viable pursuing.

**Background**

Gavin Glinster owned Lot 68 Shepherd Road, Frankland River from 27 August 1997 until he sold the property on 10 November 2022. In January 2021 and January 2022 Mr Glinster was issued with two invoices for slashing undertaken on his property for non-compliant fire breaks, to a total of \$550. The debt was not recovered at time of sale.

**Officer’s Comment**

Invoice 5507 was raised on 15 January 2021 for an initial cost of \$275.00 and invoice 5863 was raised 21 January 2022 for an additional \$275.00. Since the raising of these invoices Mr Glinster has failed to make payment and an additional \$72.15 has been applied in interest over the time period, totalling the outstanding debt at \$622.15.

All correspondence from the Shire of Cranbrook to Mr Glinster was ignored until the selling of his property in November of 2022. Indication from our debt recovery agents, including an initial quote for the recovery of debt, shows that taking legal action will incur greater costs than the outstanding debt. As the debt was not recovered at the time of sale there is very little likelihood of ever recovering this debt.

**Statutory Environment**

Section 6.12 of the Local Government Act of 1995, states that:

6.12 Power to defer, grant discounts, waive or write off debts

- (1) Subject to subsection (2) and any other written law, a local government may -
  - (a) When adopting the annual budget, grant\* a discount or other incentive for the early payment of any amount of money;
  - (b) Waive or grant concessions in relation to any amount of money; or
  - (c) Write off any amount of money,

Which is owed to the local government.

\* *Absolute majority required.*

- (2) Subsection (1) (a) and (b) do not apply to an amount of money owing in respect of rates and service charges.
- (3) The grant of a concession under subsection (1) (b) may be subject to any conditions determined by the local government.
- (4) Regulations may prescribe circumstances in which a local government is not to exercise a power under subsection (1) or regulate the exercise of that power.

### **Policy Applicable – Implications**

Council Policy 4.5 Finance Rates and Sundry Debtors Charges – Write Offs, Recovery Process, is applicable to this report.

### **Financial Implications**

The amount to be written off totals \$622.15 and will reduce the Council's financial position, however this is not considered to be material.

### **Risk Implications**

The risks associated with matters in this report are:

- Failure to fulfil Statutory, Regulatory or Compliance Requirements

The **impacts** of the risk are: Financial,

The **consequences** of these risks are considered to be: Insignificant

The **likelihood** is: Likely

Hence the **risk rating** for this report is: Low

Risk mitigation includes a regular review of outstanding sundry debtors and ensuring that all possible actions have been taken to collect the outstanding debt especially at the time of property sale.

### **Strategic Community Plan Reference**

The 2021-2031 Shire of Cranbrook, Strategic Community Plan states that:

#### **Key Pillar: Connect**

**Outcome 16 – High Performing Shire:** An accountable and respected Shire, investing in its people and structures.

**Deliverable 16.1:** A Shire and supporting entities are well-governed with delineated roles and accountabilities.

### **Consultation**

Consultation was not required for this report.

In response to a query about why the debt was not recouped at the time of sale, Council was advised that the matter was missed, and processes are in place to ensure that this does not happen again.

### **Voting Requirements**

***Absolute Majority***

### **OFFICER'S RECOMMENDATION/COUNCIL DECISION**

**Motion 04072023**

**Moved Cr Slater, seconded Cr Egerton-Warburton that Council agrees to write off the sundry debt for Gavin Glinster for the amount of \$622.15.**

<b>10.1.4</b>	<b>LOCAL ROADS AND COMMUNITY INFRASTRUCTURE PROGRAM (LRCI) – STAGE 4A</b>
<b>RESPONSIBLE OFFICER:</b>	Linda Gray – Chief Executive Officer
<b>REPORT AUTHOR:</b>	Linda Gray – Chief Executive Officer
<b>FILE REFERENCE:</b>	FM10
<b>APPLICANT:</b>	N/A
<b>DATE OF REPORT:</b>	13 July 2023
<b>ATTACHMENTS:</b>	Nil

**Purpose**

The purpose of this report is for Council to prioritise the projects proposed for construction as part of the Federal Government’s Local Roads and Community Infrastructure Program (LRCI) Stage 4A, and to approve the projects selected to be completed under this program.

**Background**

The objective of the LRCI Program is to stimulate additional infrastructure construction activity in local communities across Australia to assist with the management of economic impacts resulting from COVID-19. The Shire was fortunate to be offered \$441,469 for infrastructure projects in the Stage 4A round of the program.

The projects eligible are ones that involve the construction or maintenance of roads including such things as signage, traffic control, street lighting, road and footpath maintenance. Community infrastructure projects that involve the construction, maintenance, and/or improvement to Council owned assets such as improvement to community facilities, repairing or replacing fencing, improved accessibility to facilities or areas, shelters and barbeques in parks, landscaping improvements, playgrounds and skate parks and off-road car parks for facilities and areas.

**Officer’s Comment**

The project priorities of the Shire of Cranbrook have been discussed at the 2023/24 Budget Workshops and costs investigated by staff.

A list of projects was submitted informally to Councillors for prioritising. Council need to take into consideration the success of the grant application to the Department of Transport for a shared pathway from the Frankland River Primary School (Evans Street) to the Dandelion Café Project - Wingebellup Road Shared Pathway. The LRCI 4A funding will assist with the works required at the crossover near Foxy’s General Store at the intersection of Rocky Crossing Road and Wingebellup Road. Another consideration to factor in is that the price of cement increased by 11% in the year to March 2023 alone. (WALGA WA Economic Outlook – Forecasts and Drivers of Growth). Due to the allocation of the grant funds from the Department of Transport, it was decided that the priority was the work on the Wingebellup Road Shared Pathway plus some funding from the Shire’s own source revenue. For that reason, the sum below was allocated to the project described above:

<b>Project</b>	<b>Approximate cost</b>
Wingebellup Road Shared Pathway Frankland River	\$59,125

Further priorities were identified to complete the work on the new Frankland River Play Space:

<b>Project</b>	<b>Approximate Cost</b>
Pathway connection of Playground/Caravan Park/Pumptrack Frankland River	\$65,000
Media Strip Plantings & Reticulation/Gardens Frankland River	\$20,000

Further projects in the Cranbrook area were identified and listed:

<b>Project</b>	<b>Approximate Cost</b>
Cranbrook Daycare Shade Structure	\$55,000
Cranbrook Information Bay reticulation & pump for playground	\$23,000
Cranbrook & Frankland River Entry Statements	\$19,344

The total for the above projects to be funded by LRCI Stage 4A is \$241,469.

Two projects were proposed to Council for allocation of the remaining LRCI Stage 4A \$200,000. The two projects considered are:

1. Lake Nunijup Public Toilets – to shift the toilet block and associated infrastructure to a site approved by the Department of Health, or
2. Frankland River Hall – to commence maintenance on a building that has been severely neglected but is likely to be in place as the only building suitable for weddings, funerals and school events in that area, accepting that funds will not available in the short term by either the Shire of Cranbrook or through grant opportunities.

Council agreed that it would be supportive to take responsibility for the repair of the Frankland River Hall as it is owned by the Shire, and to provide separation from the Frankland River District Country Club and its renovation.

It is vital that the Shire of Cranbrook has a list of priorities and a list of shovel ready projects. The Shire does not want to start on the back foot when it must compete with other local governments for expertise and labour to complete projects.

### **Statutory Environment**

There is no specific legislation applicable to this report.

### **Policy Applicable – Implications**

Council Policy 4.8 Purchasing Policy applies to this item.

### **Financial Implications**

Whilst actual individual projects have not yet been fully costed, the projects listed above will be funded through the Local Roads and Community Infrastructure Program – Stage 4A and will not exceed the \$441,469 that has been allocated to the Shire by the Department of Infrastructure, Transport, Regional Development, Communications and the Arts through the Federal Government’s Local Roads and Community Infrastructure Program.

### **Risk Implications**

The risks associated with matters in this report are:

- Errors, Omissions and Delays
- Failure to fulfil Statutory, Regulatory or Compliance Requirements
- Inadequate Project/Change Management
- Inadequate Supplier/Contract Management

The **impacts** of the risk are: Finance, Non-Compliance, Reputational and Property

The **consequences** of these risks are considered to be: Major

The **likelihood** is: Unlikely

Hence the **risk rating** for this report is: Moderate

**Strategic Community Plan Reference**

The 2021-2031 Shire of Cranbrook, Strategic Community Plan states that:

**Key Pillar: Live**

**Outcome 4 - Priority Amenities:** A strong knowledge base on amenity usage and asset management, and a focussed support for aged-care, youth, disabilities facilities and programs.

**Key Pillar: Visit**

**Outcome 9 – Experiences:** A well-defined and celebrated community activity program for locals and visitors.

**Key Pillar: Connect**

**Outcome 16 – High Performing Shire:** An accountable and respected Shire, investing in its people and structures.

**Deliverable 16.1:** A Shire and supporting entities are well-governed with delineated roles and accountabilities.

### Purpose

The purpose of this report is for Council to prioritise the projects proposed road only projects as part of the Federal Government’s Local Roads and Community Infrastructure Program (LRCI) Stage 4B, and to approve the projects selected to be completed under this program.

### Background

The objective of the LRCI Program is to support priority local road infrastructure projects for upgrades to roads in regional and rural areas. The Shire was fortunate to be offered \$254,649 for local road projects in the Stage 4B round of the program.

### Officer’s Comment

The project priorities of the Shire of Cranbrook have been discussed at the 2023/24 Budget Workshops and costs investigated by staff regarding small road projects that would be eligible under this funding. It has been previously discussed that there were small sections of road within the Shire that should be sealed due to their frequent usage, location in terms of dust and impact on the social and health wellbeing of residents living close at hand, and for reasons of economic benefit to the community. Small road projects identified were also selected based on the limited cost available, so short sections under a kilometre were eligible, and it was important that their structure or base should already be in place as per the Shire’s road construction policy.

A list was submitted informally to Councillors of roads that met the above criteria:

Project	Approximate cost
Hardy Street, Cranbrook, (to Rubbish Tip) Double Seal x 800 metres	\$117,325
Rubbish Tip Road, Cranbrook, Double Seal x 800 metres	\$117,324
Driveway to Frankland River Rubbish Tip Single seal	\$20,000

The total for the above projects to be funded by LRCI Stage 4B is \$254,649.

It is vital that the Shire of Cranbrook has a list of priorities and has a list of shovel ready projects. All these unsealed roads are formed and meet the Shire’s standards.

### Statutory Environment

There is no specific legislation applicable to this report.

### Policy Applicable – Implications

Council Policy 4.8 Purchasing Policy and Council Policy 5.0 Road Management applies to this item.

### Financial Implications

Whilst actual individual projects have not yet been fully costed, the projects listed above will be funded through the Local Roads and Community Infrastructure Program – Stage 4B and will not

<b>APPLICANT:</b>	N/A
<b>DATE OF REPORT:</b>	12 July 2023
<b>ATTACHMENTS:</b>	1. 2023/2024 Draft Annual Budget 2. 2023/2024 Fees and Charges

---

**Purpose**

The purpose of this report is for Council to consider and adopt the Annual Budget for the 2023-2024 financial year together with supporting schedules, including the imposition of rates and minimum payments, adoption of fees and charges, setting of elected members fees for the year and other matters arising from the budget papers.

**Background**

The draft 2023-24 budget has been compiled based on the principles contained in the Strategic Community Plan and Plan for the Future. The 2023-24 draft budget has been prepared in accordance with the presentations made to councillors at the three budget workshops held between May and July 2023.

**Officer’s Comment**

The budget has been prepared to include information required by the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and Australian Accounting Standards.

The main features of the draft budget include:

- The budget has been prepared with a 7% rate increase in line with the Long-Term Financial Plan. This increase applies to all rating categories.
- Fees and charges for the 2023-2024 financial year were adopted at the Ordinary Meeting of Council held 17 May 2023, prior to the formal adoption of the budget. In addition, some statutory charges have been updated, and a concession is proposed to allow senior residents over the age of 60 years access to the Cranbrook Community Hub Gym free of charge. These changes are itemised in the schedule of fees and charges.
- Household and commercial waste charges have increased approximately 7% from the 2022-2023 adopted charge and itemised in the schedule of fees and charges.
- The recurrent operating budget includes an overall increase in expected expenditure of 8.5% (although individual line items may vary from this based on specific factors affecting each of these) and continues the focus on improved service delivery to the community.
- A capital works program totalling \$6.4m is planned for investment in infrastructure, land and buildings, plant and equipment and furniture and equipment is planned. Expenditure on road infrastructure is a major component of this (\$2.3m) in line with Council’s ongoing road construction program. An amount of \$2.1m is provided for land and buildings of which \$1.92m is for the construction of a new fire shed in Cranbrook (subject to successful grant application).
- An estimated surplus of \$2,487,423 is anticipated to be brought forward from 30 June 2023. This amount includes federal Financial Assistance Grants of \$1,941,662 received in advance for the 2023-24 financial year and other revenue recognised in accordance with Australian Accounting Standards. This is unaudited and may change. Any change will be addressed as part of a future budget review.

- Principal additional grant funding for the year is estimated from:
  - LRCIP Funding - \$696,118
  - WA Bicycle Networks - \$118,250
  - Department of Fire and Emergency Services - \$1,870,000
  - Roads to Recovery - \$485,572
  - Regional Road Group - \$720,000
  - Commodity Route Funding - \$100,000
- The draft 2023-2024 budget continues to deliver on other strategies adopted by the council and maintains a high level of service across all programs ensuring roads and associated infrastructure remain a high priority as well as renewing assets at sustainable levels.
