4.2.1 APPROVAL TO CHANGE PREVIOUS COUNCIL DECISION MADE AT 21 FEBRUARY 2024 OCM

Purpose

The purpose of this report is for the Council to approve a change to a decision by Council at the Ordinary Council Meeting of 21 February 2024 to sell the 2014 Komatsu Excavator.

Background

At the Ordinary Council Meeting held 21 February 2024, Council made the following decision:

OFFICER'S RECOMMENDATION/COUNCIL DECISION

Motion 11022024

Moved Cr Quick, seconded Cr Denton that Council:

- 1. Approve the purchase of the new Komatsu excavator,**
- 2. Approve the sale of the old Komatsu excavator by Public Auction.**

CARRIED 4/2

FOR: Cr J Quick, Cr P Denton,
Cr L Casson, Cr D Egerton-Warburton
AGAINST: Cr R Johnson, Cr P Mulcahy

Since this decision was made a new Komatsu Excavator has been purchased for the purpose stated in the February report to Council. The old Excavator was sent to Perth to be sold by Public Auction as per Council Decision. At the time, the auction house, Manheim, was approached and they indicated \$100,000 to \$115,000 as an indicative value of this excavator. Based on this information a reserve of \$100,000 was set by the Chief Executive Officer. However, despite being offered on several occasions at public auction the highest bid received has been \$70,000.

Officer's Comment

Age as the trigger also ensures that the cost of ownership of the asset is optimised, and risk and performance is managed. Over the last ten years it has been a reliable guide to ensuring that the asset management of the Shire can provide the delivery of services that the community values. The age of the plant also ensures that our plant assets preserve some value and do not reflect the decline in our other assets such as buildings or bridges. As the excavator is an important part of our road construction program. With the highest bid received at public auction being \$70,000, for this reason, and consideration of the age and quality of the machine, and due to its value to the Shire of Cranbrook in providing an opportunity to take over the work at the Cranbrook Waste Facility (Rubbish Tip) more efficiently, it has been proposed that the excavator be retained, choosing to retain the old Excavator requires a motion to change a previous Council Decision.

Statutory Environment

Section 10 of the *Local Government (Administration) Regulations 1996* states:

10. Revoking or changing decisions (Act s. 5.25(1)(e))

(1) If a decision has been made at a council or a committee meeting then any motion to revoke or change the decision must be supported —

(a) in the case where an attempt to revoke or change the decision had been made within the previous 3 months but had failed, by an absolute majority; or

(b) in any other case, by at least 1 /3 of the number of offices (whether vacant or not) of members of the council or committee, inclusive of the mover.

(1a) Notice of a motion to revoke or change a decision referred to in subregulation (1) is to be signed by members of the council or committee numbering at least 1/3 of the number of offices (whether vacant or not) of members of the council or committee, inclusive of the mover.

(2) If a decision is made at a council or committee meeting, any decision to revoke or change the decision must be made by an absolute majority.

And, Section 5.25 of the *Local Government Act 1995* states:

5.25. Regulations about council and committee meetings and committees

(1) Without limiting the generality of section 9.59, regulations may make provision in relation to —

(e) the circumstances and manner in which a decision made at a council or a committee meeting may be revoked or changed (which may differ from the manner in which the decision was made);
